

## Customized reports in Nexus GO Cards

This article describes how reports can be customized with [Nexus GO Cards](#), to show for example card data and invoicing.

If you want to keep track of sales and the status of your orders, you can arrange for customized reports to be issued regularly. You can also get information on the serial number, period of validity and chip number, all in accordance with your specific needs.

You can obtain a number of customized reports on a daily, weekly or monthly basis. The reports you select are compiled and automatically sent to you. Examples of reports include:

- Card data reports: name, chip number, serial number, period of validity, card number, PIN code
- Sales reports
- Invoicing data
