

Use master accounts in Nexus GO Cards

In [Nexus GO Cards order portal](#), master accounts can be used to manage accounts for several customers or organizations. Depending on the roles you are given for a certain customer account, you can for example administrate orders and users.

Prerequisites

You must be a [Master account administrator](#) in Nexus GO Cards.

Switch between customer accounts

1. Click **Master account**.
2. Select the customer or organization you want to manage.
3. Confirm the login by clicking the link: **Log in as <your name>....**
The portal now displays the orders and details for the selected company or site.
4. To go back to the master account, click **Master account** again, and then the link on the top: **Log out <your name>**
