

Nexus Cidron

Nexus announces **End of Sale** for Nexus Cidron. For more information, see [End of Sale for Nexus Cidron](#).

The Nexus Cidron reader family's compatibility with secure RFID-technologies incorporated in a robust, yet timeless design, makes them ideally suited for both indoor- and outdoor installations in all kinds of physical access control applications.

Here you find information about the Cidron readers, such as product sheets and installation guides. There is also a link to video tutorials.
